

FOR IMMEDIATE RELEASE

Weston Forest Products Inc. Announces it's Certification in the C-TPAT Program.

Mississauga, Ontario (January 1, 2009) - Weston Forest Products is proud to announce that U.S. Customs and Border Protection (CBP), has certified the Company as a partner in the Customs-Trade Partnership Against Terrorism (C-TPAT) program. By participating with CBP, Weston is making a vital contribution to help secure our borders and ensure the continued free flow of international trade.

The C-TPAT program allows the US Customs and Border Protection (CBP) to designate companies as low risk and therefore less likely to be examined at border crossings. This designation is based on a company's past customs compliance history, and a validation of its supply chain security profile.
